Ryan Dutton, UI / Website Designer

Experience

Website & Graphic Designer, Harrix Group

Dec 2021 - Present

- Led UI design projects from concept to launch, ensuring a seamless user experience across web, mobile, and other digital platforms.
- Streamlined UI design workflows within collaborative teams, facilitating efficient iteration and timely project delivery.
- Successfully translated UI Figma designs into functional and performant digital experiences by developing user interfaces using both WordPress and Webflow.
- Presented project updates and insights regularly to executive leadership, fostering effective communication and alignment with key stakeholders.
- Collaborate effectively with cross-functional teams (developers, product managers) to translate design concepts into functional and high-performing UI solutions.

Freelance Web & Brand Designer, MR Studio

Jan 2020 - Dec 2021

- Conducted in-depth research and conceptualised original designs closely aligned with client briefs, demonstrating a strong understanding of user-centred design principles.
- Presented design concepts to key stakeholders, actively incorporating feedback to guarantee final deliverables surpassed client expectations.
