Ryan Dutton, UI/UX and Brand Designer

Experience

UI/UX and Brand Designer, Harrix Group

Dec 2021 - Present

- Created websites through strategic design and development using Figma for prototyping and Elementor/WordPress for implementation, ensuring alignment with client specifications.
- Revitalized brand component libraries by crafting visually cohesive assets with Adobe Creative Suite & Figma, contributing to impactful branding initiatives.
- Collaborated with cross-functional teams to optimise workflows, meet project deadlines, and ensure cohesive project outcomes.
- Regularly presented project updates and insights to executive leadership, fostering effective communication and alignment with key stakeholders.
- Guided projects from the inception phase, actively participating in the pitching of initial ideas, and carried the vision through the entire project life cycle – from conceptualization to the final product design.

Freelance Web & Brand Designer, MR Studio

Jan 2019 - Dec 2021

- Conducted in-depth research and conceptualised original designs in alignment with client briefs, showcasing a strong understanding of user-centred design principles.
- Presented design concepts to key stakeholders, actively incorporating feedback to ensure final deliverables exceeded client expectations.
- Collaborated with a dynamic team to produce high-quality work, emphasising meticulous attention to detail.
- Executed diverse commercial projects, including brand identities, websites, and packaging designs, contributing to a versatile and well-rounded design portfolio.
